Subscribers to the country edition of the Daily Democrat must keep their subscriptions in advance, or the paper will be discontinued.

It can be had at the rate of Fifty Cents per month, or Five Dollars per year, always in advance. If any fail to receive the Democrat, they will understand that they are in arrears.

**TOLENTINE QUER.**—We read of some extraordinary spiritual manifestations in the Springfield (Ohio) papers. A daughter of a Mr. Quill, of that place, while lying in bed a few nights since, distinctly felt the pressure of a man's hand on her ankle (nothing remarkable in that), although no one was discernible in the room at the time. The finger marks of the hand were distinctly visible the following morning, from which we infer the seer was a hard one. The next night her supernatural visitor again appeared, and, *mirabile dictu!* when she awoke she found the letters I. H. S. (Jesus Hominis Salvator, of course), legibly printed or burned—where do you think, reader?—upon her thigh! Which one is not stated. Not satisfied with these strange pranks, the mysterious individual appeared a third time, and left the figure of a cross (1) plainly visible upon her person. Here the matter rests at present. We must be pardoned for saying that nothing short of the "ocular proof" would satisfy us of the truth of all these statements.

**THE PANIC AMONG BOOK PUBLISHERS.**—The publishers and booksellers feel the tightness of the money market and the influence of the disturbed state of public affairs very keenly. The issue of new books is discontinued by most of them in an unusual degree; some of the heaviest firms keep back works that they have had ready for publication for months past; others have discharged half their employees; and the important house of Derby & Jackson, New York, we are informed, has discontinued business altogether. Their choice publications are now selling at less than half the usual price. "Nobody hurt!"

**More Warnings for the City.**—The question as to a division of the First and Eighth Wards into two wards each is being agitated. The First Ward has about 16,000 population, and the Eighth Ward about 15,000. This is more than double that of any other ward in the city. We would suggest the following as a proper division:

First Ward—Voting precincts, three, four and five; Temple Ward, made of part of First—voting precincts, one, two and three; Eighth Ward—voting precincts, one, two and three; Ninth Ward, part of Eighth—voting precincts, four and five.

This is common justice and should be attended to in time for the April election.

**CITY COURT.**—Alonso Howard, stabbing William F. Bristol; continued till tomorrow. Robert McCune, drunk and disorderly. Bail \$200 for six months. Meyer Hill, shooting Charles Little; discharged. George Wilson and Frank Stone, suspected felony; bail of each in \$300 for six months. Wesley Walton, stealing a hat from James M. Ladd; committed in default of \$300 bail to answer. James Penning, assaulting Mrs. Putnam; bail in \$100 to answer, and in \$500 for his good behavior 12 months. The consideration of several prize warrants was continued.

**FIRE IN SCOTT COUNTY.**—We learn from the Georgetown Journal that the elegant mansion of George W. Johnson, Esq., three miles west of Georgetown, was totally destroyed by fire on Friday morning last. The fire originated in the judgment of some flying cinders, from burning brush, upon the roof of the house. Most of the furniture on the lower floor was saved. There was no insurance.

**RUNAWAY HORSES.**—The Bowlinggreen Standard says that on the 10th of February, three negro men belonging to W. G. Robinson, of Warren county, ran off on last Monday week, two of them were caught on an island, in the Ohio river, beyond Owensboro. They were making tracks for a free State. They were taken back and delivered to their master.

**New Invention.**—Judge D. M. Hooper, of New Albany, has invented a very ingenious and labor-saving machine for making spikes and bolts, and it is now in successful operation. The Judge claims that the machine can make, with the aid of one person, 1,000 spikes an hour, or over half a ton per day. It is run by steam, and like the discovery of America, is simple, when once seen.

A heavy mail suit, in which J. N. Eastman, of Vincennes, and Capt. J. W. Drannon, of Louisville, and S. H. Patterson, of Jeffersonville, are concerned, has lately been tried in the Knox Circuit Court at Vincennes. The jury on the first trial returned a verdict in favor of Eastman for \$11,250. A new trial has been granted by Judge Burke, and Judge Dicknell, of New Albany, has been selected to preside in the case.

**Ben. Garrison, Chief of the Police of Memphis, arrived last evening to escort the man McMannus, the burglar arrested here in his possession. A confederate of McMannus has been arrested in Illinois under similar circumstances.**

**On Sunday last a young man, named Higgart, was out gunfishing Greenacres, and in getting over a fence terribly maiming his arm that it had to be amputated.**

**George Briggs, long and favorably known to the hitherto public, has opened a very pleasant and refined place on Green, between Third and Fourth streets. He has the choicest of wines, liquors and cigars.**

**First Tobacco.**—There was sold yesterday at the Boone Tobacco warehouse, three bushels of fine leaf at excellent prices, and indicating the quality of the weed. One, raised by E. H. Smith, of Owen county, brought \$15.75 per 100 pounds and one grown by Jas. Bouner, of Orange county, Ind., fetched \$12.50 and another brought \$12.25 per 100 pounds.

**The estate of John Greiner, in Jeffersonville, was destroyed by fire on Thursday night, and a valuable cow perished in the flames.**

**Mr. Field, Jr., of Jeffersonville, has received the appointment of Route Agent on the southern division of the Jeffersonville Railroad.**

**The Jeffersonville ferry company have discontinued the eleven o'clock trip of their boat, on account of its not paying expenses.**

**Three ladies, who lately connected themselves with the Christian Church of New Albany, were immersed in the river at noon yesterday, according to the rules of that organization.**

Amusements.

**THEATRE.—Fourth Night of Miss Virginia Howard.**—London assurance was played last night, and all the characters were well sustained—some of them remarkably so. Miss Howard's lady day Spanker was a very clever illustration of the past. She is making a good impression upon our theater goers, which tells in the constant improvement in the houses. To-night she appears as Juliet, in Romeo and Juliet, the performance of which with the laughable face of "Ladies Beware."

**MUSICALS.**—To-night the Campbell will give the initiatory performance of a series of entertainments, in which their celebrated burlesque of the Moody-Iffren duo will be given.

**Mr. Murdoch** is giving dramatic readings in Buffalo, N. Y.

**Edmond Scully.**—France's most versatile and popular dramatist recently died at Paris at the ripe age of seventy-one years. He was the most prolific of play writers, and over 400 vaudeville, drama and opera librettos emanate from his and collaborator's pen during the latter fifty years of his life.

He originated the collaborator's specialty for the idea, that for the plot, another for the verses—that a vaudeville, such as should set all Paris in a roar, in passing through the pens of these gentlemen, went through almost as many processes as a pin. Then there was the inimitable Scully, full of experience and industry, overseeing all, directing all, adding here a quaint character, there a bewildering situation, in another place a sparkling epigram—all point and surprise; and the end that crowned the work wasthehonesty (for which Mr. Murdoch, the elder, will not venture to dedicate a monument to him) of attaching, beside his own signature, the name of his principal collaborator.

**Biscaccianti.**—Many of our readers will remember the beautiful woman who, a few years since, sang to us so beautifully, and who we still have in her face. A California paper gives the following description of the "Melodone" at San Francisco, where she now sings:

"The orchestra consists of a very finely tuned piano, manipulated by Evans, and a violin, when its services are required. (Other instruments are not used.) She did not observe them. Entering the establishment, we were confronted by the proprietress, seated behind a railing in an easy chair, which much in her face. Placing in the lady's palm a quarter of a dollar, we passed through a brief bar-room into the parquette. The place was comfortably filled and tolerably warm. On entering, we saw a half-dozen female waiters were gliding among the audience on their spiritual mission like the shades in the vision of Macbeth. Not exactly, however, for the Thane saw a glass in the hands of but one, while in this instance all held two or more, beside a box of matches and a bundle of cigars.

One or two of these girls are quite pretty, and have a way look for any one venturing a wink at them as they pass or a shy pull at their dress. On entering, we saw the entire company, with the exception of the elder members of the Chapman family and Madame Biscaccianti, sitting in a semi-circle, and looking at the lady. THE POSTMASTER.

By reference to our telegraphic dispatches, that Mr. John J. Speed has been appointed Postmaster of this city. This is a good appointment, and will be acceptable to all the majority of our people. Mr. Speed is an old line Whig and as decided a Union man as can be found in Kentucky. He is competent, honest and faithful to the constitution, and we accept his appointment as a favorable indication from Washington.

Special Notices  
TAKERS.—Among the most worthy of the attention of the public is the Louisville, at the present time, is a great trunk manufactory and emp. of J. H. McCleary, on the northern corner of Fourth and Main streets. As large manufactory enables him to supply trunks, valises, bonnets and hats, carpet bags, bureau trunks, etc., etc. of the best quality, at unprecedentedly low prices. All of McCleary's work is beautiful, as well as durable goods. Give him a call.

Ponce de Leon believed, in a credulous age, to have found the "Waters of Rejuvenation"—but he found them not. It was reserved for an eminent man of our day to discover the component parts of WRIGHT'S REJUVENATING ELIXIR, which is no fable but a reality. It is purely vegetable in its origin, and the oldest practitioners are thunderstruck at the rapidity with which it removes the virus from the system, which is the common cause of dyspepsia, debility, depression of spirits, emaciation, and general prostration. Throughout the South, especially in the tropics, it is being used in the pharmacies, and may be truly called the great ally of nature.

Sold by all respectable druggists throughout the United States and Canada. J. WRIGHT & CO., sole proprietors, New Orleans, La. See advertisement, March 24th.

Dr. C. W. Rouse, M. D.  
Dear Sir: For the past several months I have been laboring under great weakness and general debility, many of the time confined to my bed and from which I received no benefit from my physician. After using some of your blood pills and blood purifier, purchased of your agent, Mr. Wm. H. P. Plummer, I feel as a new man, almost entirely free from disease, and would recommend your medicines to all who are in need of so valuable remedies.

Yours truly,  
MARTY V. HOFFMAN.  
P. S. See advertisement, March 24th.

"Search for and hold fast that which is good," which is an old saying, and truly verified in Dr. McCleary's Medicine—the celebrated Strengthening Cordial and Blood Purifier, and McCleary's Volcanic Oil Liniment. There have never been remedies that have become so deservedly popular in so short a time as those; they can now be found in the closets of nearly every family in this city, ready to use when required, because they will just as soon be in the direction. See the advertisement in another column.

REPAIRS DONE BY THE FIRST GEN. OF THE SRAOS.—Mr. Charles F. O'Donnell, of the Boston store, No. 248 Market street, between Floy and Brook, has just received by express to-day, from New York, a fresh stock of goods, spring styles, which will be sold at unprecedented bargains. His reputation for selling cheap goods is a sufficient guarantee that what he says is the truth, the whole truth, and nothing but the truth.

N. B.—We advise the public to call on our young friend, as he is worthy of the patronage of our Louisville people. He has left nothing undone to satisfy the most fastidious.

Orders for subscription to the Daily Democrat left at Geo. W. Darr's feed-store, northwest corner of Market and Twelfth streets, and at Mr. G. Zinsinger's drug store, southeast corner of Jefferson and Shelby streets, will be promptly attended to by the carrier.

COOK PITTSBURGH AND PORTER COAL. We desire to say to all those who wish a good article of Pittsburgh and Porteney coal, that it can always be found at the depot of Capt. W. A. Porter, corner of Jefferson and Twelfth streets. Those who would deal with a fair dealer and clever gentleman, will do well to treat the above office in mind when they want good coal.

JOHN PRISTON OFFICE FOR SALE.—A large and well-appointed Job Printing Office, with its press and fixtures, is offered for sale. The proprietors, wishing to quit the business, will dispose of it on the most reasonable terms. For particulars, inquire at the Democrat's office.

ENGINE AND BOILER FOR SALE.—We have for sale a good, serviceable engine and boiler, which can be bought low for cash. It can be seen at the Democrat's office.

DYE HOUSE.—Ladies' Dresses, Shawls, Gowns, etc., dyed or cleaned to appear like new. Also, gentlemen's apparel dyed, cleaned or repaired in a superior style. Work done according to promise. Jefferson street, fourth door below Third.

CLOTHING FOR MEN AND BOYS' WEAR.—J. M. Armstrong, on Main, opposite the National Hotel, has now in store a most elegant stock of men's dress suits, men's business suits, youths' suits, boys' suits, children's suits, of fine and medium quality goods, suitable for the present and approaching season, at very low prices for cash.

A time when there is great fear that the stock of dry lumber, ash, doors, blinds, &c., will fall, owing to the vast amount of improvements in Louisville, it will be interesting to the public to know that Alexander, Mills & Co., have enlarged their factory and have now on hand several million of dry lumber. Call at their office in Main street, nearly opposite the Old House, or at their factory on Fulton, above Preston street.

See advertisement of Dr. Sanford's LIVER INVIGORATOR, in another column.
